*What is a S.M.A.R.T. goal? Your goal should be specific and something you can measure, it should be attainable within this year and relevant to your project. It should be something YOU, the 4-H member, can control, "winning grand champion" is not something you can control and is not an acceptable goal for 4-H. "Taking a showmanship class and learning a new technique" is something you can control and is acceptable. You can't control the first example because it is ultimately up to the judge.

What new activities, projects, contests or events would you like to try this year?
